

Dear FCC Officers:

I just want to let you know that I don't want unwanted, telemarketing calls to my home phone, business phone or cell phone. I never buy anything over the phone. It make it prone to fraud. Also these telemarketers are urged/obligated to make the sell and keep people listening about products they don't need, they don't care, but after some time people like me we give up and either hang up on them or specially the elder, ended up buying stuff/services they will never use. For this and many other reasons I DO NOT want telemarketers phone calls.

Fredy Pardo
